## COLLEGE RECEIVES 10-YEAR ACCREDITATION

A rare 10-year accreditation was granted to the college this week by the Western Assn. of Schools and Colleges, which commended the institution for the quality of its self-study report.

The next full accreditation study will be done in the spring of 1994, although a routine fifth-year visit will be made in 1989.

The visitation team, on campus April 16-19, cited progress made in various areas since the last accreditation, highlighted areas where changes have occurred and made recommendations for additional attention in the future.

"San Bernardino is to be commended for the substantial progress it has made in the last few years during which the specialized visits were undertaken," the report said.

"Moreover, the restatement of the mission with a strengthened emphasis on serving the region is a most positive step forward. The new academic programs which have been added as well as those in various stages of planning are clearly in line with the expanded mission. The outreach program activity in place as well as that planned also was impressive. Morale, in general, is high at this institution, and one senses a feeling of team work and collegiality as the College plans for the next decade," the report stated.

The WASC report also commended the college for:

- \* Institutional integrity and academic freedom, evidenced through operational policies and practices, ethical principles which influence decisions, and above all, the honesty, openness and good will of its people--administrators, faculty and staff;
- \* Strong level of student involvement, considering this is a commuter campus;
- \* Comprehensive and sound educational programs;
- \* "Notably effective and well regarded" policies and procedures for faculty evaluation, retention and promotion; strengths of the programs are in the college RPT committee and a long-standing and regularly revised policy.
- \* High quality of services and programs provided to students, who have many avenues for participation in governance.

In making recommendations for further actions, the WASC team noted that funding to accomplish some objectives was beyond the control of the campus. In this category is the need for additional faculty offices and classrooms, more computer resources in both academic and administrative areas, and replacement of equipment and the providing of additional materials and technical assistance in the natural sciences.

The report addressed the college's need to find effective ways to recruit more minorities and women for faculty and staff positions.

One of the most important tasks facing the college, according to the report, is the need to articulate its revised mission statement with sufficient clarity that all

AVAILABLE

A recorded announcement of job postings can now be heard at Ext. 7762, a new line in the Personnel Office. The listing, which is available on a 24-hour basis, is updated Friday afternoons.

## PROFESSIONAL ACTIVITIES

PROFESSIONAL Dr. Elliott Barkan (History) has a paper co-authored with Dr. Robert O'Brien (formerly Sociology) of the University of Oregon, "Naturalization Trends Among Selected Asian Immigrants, 1950 - 1976," in the spring issue of Ethnic Forum. His paper, "Americans All? Well Some ... Immigrants, Refugees and California Public Opinion, January, 1982," in the spring edition of Migration Today. Dr. Barkan also has a paper, "Whom Shall We Integrate?: A Comparative Analysis of the Immigration Trends of Asians Before and After the 1965 Immigration Act (1951 - 1978)," in last fall's Journal of American Ethnic History.

COMMUNITY  
SERVICE

Lance Masters (Marketing and Management Science) has been named to the first board of advisors of the Southern California American Marketing Assn.'s Business and Industrial Division.

Frank Slaton (Computer Center) presented a program on robotics at the 8th annual Health Careers Educators Inservice Workshop at the Sheraton Newport Hotel in Newport Beach June 21. The program included the first public performance by three robots concurrently controlled by a single Apple computer.

## NOTEWORTHY

**NOTEWORTHY** Dr. Larry McFatter (Music) received an honorable mention for his composition "Effusions of the Sun" in the 1984 Harvey Gaul Composition Contest. His work will be performed by the Pittsburgh New Music Ensemble during its 1985-86 season. The ensemble sponsors the annual composition contest.

Pete Schmidt, son of Mary Schmidt (Social and Behavioral Sciences), is a 19th round draft pick by the Detroit Tigers. An all-San Andreas League first-team choice, he was catcher and cleanup hitter on San Bernardino High School's SAL championship baseball team.

## WANTED: NAME FOR COLLEGE OPEN HOUSE

What's in a name? A lot, believes the steering committee for Open House 1984. Building on last spring's successful open house, the committee is recommending the event be held annually--and in the fall.

"Open House" was deemed to be too blah a name for Cal State's annual, improved new event, which will become--it is hoped--the college's traditional Homecoming. A theme, perhaps tied to the name, will help build tradition and recognition.

A fall date, October or early November, was suggested to avoid conflicts with crowded spring calendars, both on and off campus. A subcommittee will be appointed to check meteorological data to select a clear, beautiful weekend when the campus and surrounding mountains can be seen at their best.

While other CSU campuses have their Poly Royales and their Pioneer Days, the San Bernardino campus launches its search for a fitting theme and title which can become equally well known throughout the region. All suggestions should be sent, in writing, to Dr. Peter Wilson (Dean of Students Office), chair of the soon-to-be-renamed Open House Committee. A suitable prize for the winning entry has not been announced.

Anyone for University Fiesta? Fall Fiesta? Coyote Days? Roadrunner Revelry?

## NEW POLICY ON SMOKING ADOPTED

Smoking will be permitted in campus offices where two or more persons work only with the unanimous consent of the employees, according to a new policy on smoking approved by the Administrative Council and President Evans Monday.

"Smoking breaks" will be arranged for employees who feel the need for a puff during the work day. The frequency and duration of these breaks will be arranged with the immediate supervisor.

Smoking will be permitted in single occupant offices, cafeterias, lounges or coffee rooms and in the residence hall common areas. It is prohibited in meeting and conference rooms, classrooms, laboratories, theatres or other areas of public assembly, elevators and storage or equipment areas.

The necessity for the college to adopt a policy on smoking stems from Legislation which "addresses the rights of nonsmokers to a smoke-free environment in formal meetings, informal meetings and work stations."

## WEDNESDAY IS HOLIDAY

Wednesday, Independence Day, is a college holiday. Classes will **not** meet. There will be no food service in the Commons. The physical education facilities will be closed with the exception of the pool which is open for public swimming from 1 to 5 p.m. Because of the shortened work week, the Bulletin will not be published next Friday.

## PARKING DECALS DISTRIBUTED

Parking decals for 1984-85 for part-time and full-time regular employees and for faculty teaching this summer will be distributed in today's paycheck envelopes. The current decals expire tomorrow. Campus police urge employees to display the new decals as soon as possible. Employees who did not receive a decal should contact the Bursar's Office, Ext. 7501, AD 111.

**FEE WAIVER FALL  
DEADLINE JULY 17**

Employees interested in participating in the fee waiver program for the fall quarter should submit their applications to the Personnel Office by July 17.

All full-time permanent or probationary and part-time permanent state employees are eligible to participate.

The application deadline for employees in Units 2, 5, 7 and 9, who apply under Article 21.15 of their contracts, is two weeks prior to the start of the quarter, Aug. 28. Employees are urged to apply as early as possible to facilitate the processing of admissions documents. Further information and forms are available from the Personnel Office, SS 151, Ext. 7205.

**BOOKSTORE ADDITION  
UNDER CONSTRUCTION**

Construction of an addition to the Bookstore is currently under way, with MM Construction Co. of San Bernardino erecting the new storage room. The 20-foot by 16-foot 8-inch addition will be of the same cinder block construction as the original building.

Completion of the \$21,967 project is expected about the end of July.

**LEARNING CENTER  
HOSTS WORKSHOPS**

Free workshops in the areas of college study skills, writing awareness and improvement, term papers and computer literacy will be given this summer by the Learning Center. The workshops are for entering freshmen and transfer students.

College study skills and writing awareness both begin Aug. 6 for six meetings. Each series will be repeated beginning Aug. 15. Term papers begins Aug. 27 and will have four meetings. Computer literacy begins July 27 for four sessions. All meetings are 2½ hours.

Registration information is available from the Learning Center, Ext. 7612.

**EOP HOLDS FIRST  
ART EXHIBITION**

Oil paintings and sculptures by seven students and alumni are on display now through July 31 in the Paul Villasenor Library in San Bernardino. The free exhibit is the first in what is hoped to become an annual event by persons in the Educational Opportunity

Program, said Walter Hawkins, EOP director.

Students exhibiting work are Hazel Ganther, a junior art major; Moran Hem, a senior French major; and Louis Monge, a junior art major. Alumni participating are Izetta Barber, Marco Cota (EOP), Peter Davalos and Carl Jones. All have art degrees. The show is coordinated by Cota and Joe Moran (Art).

## ACCREDITATION

constituencies have a "clear sense of responsibility in the scheme of things." More precise blueprints are needed to guide the institution in the planning and monitoring of its efforts; and more communication about the new budgeting and allocation process is advisable, the team said.

In its academic overview, the team reviewed all schools and addressed specifically several departments within each school. The School of Humanities, for example, was described as an important resource for the role of the institution as a regional university, as a current and potential resource for community recognition and support and as an important contribution to enriching the experiences of students, faculty and staff. The school, however, needs to be reassured of its basic role and value as the institutional mission broadens.

The curriculum of the School of Social and Behavioral Sciences is traditional, coherent and sound and endeavors to meet the needs of career-oriented students as well as those in the social sciences.

All departments in the School of Natural Sciences are in a good position to respond to the higher educational needs of the regional service area. The team spoke of the commitment of the science faculty to the college's mission of being a teaching institution.

The School of Education was commended for its substantial contact with the community and the schools in its service area but was urged to implement new plans to increase Hispanic student enrollment and tenure track faculty positions in light of the increasing Hispanic population of the area.

The School of Business and Public Administration, which carries more than a fourth of the college's majors, has too large a proportion of non-tenured track faculty. The report recognizes the "adverse academic market conditions" in the business field.

The report, commendatory of faculty and staff in all areas, reiterated the need for more resources or the reallocation of resources as the institution endeavors to serve a growing area. State funds are the main source of funding for the college, and the team was aware that the college requests, but does not control, its allocation.

## HIGH SCHOOL PROGRAM

### ACCEPTING APPLICATIONS

The High School-College Program is accepting applications for fall quarter. In the program, juniors and seniors in high school have an opportunity to get a head start in college by enrolling in courses at Cal State which are applicable toward college or high school requirements. Fees are about \$75 per quarter regardless of course load. Information is available from Academic Programs, Ext. 7521.

## REMINDER

The Bookstore will be closed today for inventory.
